DETAIL OF SAFETY SURFACE MOUNTED SAFETY SWITCH ON ORIGINAL MODELS

DESIGN DIFFERENCES

- 1) NEW DESIGN DESCRIPTION:** New Blue Bay Ballast with three blade plug, Clear Cover with Ring Magnet, Socket with Built-in Internal Magnetic Safety Switch, Black Neck Quartz sleeve, Flat gasket/ O-ring seal, New configuration Lamp.
- 2) ORIGINAL "REV 2" DESIGN DESCRIPTION:** TDC Ballast with two blade plug, Black Lock Ring, Surface mounted Safety Switch, Black Neck Quartz Sleeve, Flat gasket/ O-ring seal, Original 18W lamp.
- 3) ORIGINAL DESIGN DESCRIPTION:** Original TDC Ballast with two blade plug, Clear Lock Ring, Surface mounted Safety Switch, Clear Neck Quartz Sleeve, double O-ring seal, Original 18 Watt lamp.

COMPATIBILITY BETWEEN VERSIONS

- 1) NEW DESIGN COMPATIBILITY:** New design shares the Black Neck Quartz sleeve and Gasket O-ring seal set with the Original "Rev 2" design. All other parts are exclusive to the new design.
- 2) ORIGINAL "Rev 2" DESIGN COMPATIBILITY:** Original "Rev 2" design shares the Black Neck Quartz Sleeve and Gasket / O-ring seal from the new design and the 18 Watt lamp from the original design. All other components are exclusive to the Original "Rev 2" design.
- 3) ORIGINAL DESIGN COMPATIBILITY:** Original design components are not interchangeable with most components from the Original "Rev 2" design or the new design with two exceptions: The 18 Watt lamp from Original "rev 2" and the Black Neck quartz sleeve (with Gasket / O-ring seal) used with both the Original "rev 2" design and New design.
